General Rules

Parking Restrictions

Vehicles parked illegally are subject to immediate towing at the vehicle owner's expense without a warning. *Vehicles may not be parked on vacant lots without the permission of the lot owner and the Board of Directors.*

The DRC reserves the right to refuse to admit a specific vehicle, or class of vehicles, into Wildcat Run if a resident continues to violate rules relating to vehicles. All vehicles must be adequately muffled so as not to cause a nuisance when operated within Wildcat Run.

In general, there is no parking allowed on any street within Wildcat Run. All visitors are required to park in the driveway of the residence being visited.

However, it is understood that if more vehicles are visiting a residence than the residence has space for in the garage and driveway, visiting vehicles may park on the residence side of the street *for up to 12 hours*. For example, if a party is being held, all the guests may park on the same side of the street as the residence for the duration of the party.

If a residence has overnight guests and the total number of vehicles exceeds the capacity of the garage and driveway, the excess vehicles must be relocated to the Community Association asphalt parking area directly across Wildcat Run Drive from the entrance to Wildcat Run. This is limited to automobiles, SUVs, vans and mini-vans.

Other than as noted above, vehicles parked on the roadway are subject to immediate towing at the vehicle owner's expense without warning. If the vehicle has a permanent or temporary Wildcat Run decal an attempt will be made to locate the owner prior to its being towed.

Only passenger vehicles may be parked overnight in driveways. Pickup trucks, boats, RVs and other vehicles must be garaged or arrangements made for offsite storage. If there is space available parking may be allowed overnight at the maintenance facility. Access will only be allowed during the maintenance department's hours of operation. Anything longer than overnight parking would require the rental of an annual space. Arrangements must be made through the Country Club.

General Rules

For the safety of residents, guests, and pets, all pets **MUST** be on a leash and attended by a responsible adult when they are outside of a home regardless if an invisible fence has been installed. Pets are not allowed to run free anywhere in Wildcat Run; this includes front, side and back yards.

No animals or pets may be kept, bred or raised on any lot for commercial purposes.

Pets may be kept on a lot only in reasonable numbers and then only for as long as they do not unduly interfere with the use and enjoyment by others of the lots, golf course and common areas. Reasonable numbers has been interpreted by the Board of Directors as a maximum of two (2) pets per home.

Pets may not be walked on the golf course, including the cart path.

Housing for pets is not allowed on any exterior portion of the property.

Any pet that bites a person must immediately be reported to Lee County Animal Services.

WILDCAT RUN COMMUNITY ASSOCIATION RENTAL APPROVAL PROCEDURES

Residents who wish to rent their homes must adhere to the following procedures:

There is a minimum 90 day period for rentals. Residents should submit the request at least 30 days in advance of the start date of the lease directly to Alliant Management, at 13831 Vector Ave, Fort Myers, FL33907.

The rental application is available from Alliant Management, and is also on the HOA website under the Documents tab. There is a \$100 processing fee, payable by the renter to Alliant and a \$40 fee for a background check per adult who will be living in the residence, payable to Wildcat Run Community Association. Fees for international background checks are \$45 and payable to Wildcat Run Community Association.

If the rental applicant is found through a realtor, the realtor may contact Alliant to determine if the background check that they perform meets our criteria. Any renter found through a realtor must either use the Lease document found on the Master HOA website or complete the lease addendum form, found on the HOA website, under the Documents tab.

Once the application is submitted to Alliant, along with the consent for a background check, Alliant will process the rental application and background check and forward it to the individual association representative of the Cypress Cove Condo Association, Wildcat Cove Homeowners Association, the Pines Homeowners Association, Lakeside Villas Condo Association, Cypress Bend Condo Association or the Village at Wildcat Run Condo Association. Once approved by the individual condo or homeowners association, it will be forwarded to the Community Association Board rental representative for final approval and Alliant will notify the renter and the home or condo owner. Occupancy prior to final approval is PROHIBITED. Lease renewals require the same approvals as the original lease.

Renters are subject to the rules and regulations of The Wildcat Run Community Association, as well as any additional restrictions of a Condo or Homeowners Association. Those restrictions are also available on the HOA website under the documents tab.

The "personal information for Wildcat Run Community Association" form must be completed by the tenant to obtain entrance at the gatehouse. Transponders or window decals will not be provided to tenants with leases less than 12 months, but passes will be issued on a rolling thirty day basis.

RENTAL RESTRICTIONS

Residences or Condominium units may NOT be leased or sub-leased for a period of less than THREE MONTHS. Lease applications should be submitted to Alliant Management for processing at least 30 days in advance. Applications are then submitted to the appropriate condo or homeowners association for approval and then to the Wildcat Run Community Association Board of Directors for final approval.

Occupancy prior to final approval is PROHIBITED. Lease renewals require same approvals as original lease. Units shall be used as single-family residences and for no other purpose.

The owners are responsible for the conduct of the tenants who must abide by the governing documents or be subject to eviction. Complete rules are in section 5.1 of the amended and restated declaration of covenants and restrictions for Wildcat Run. Damage done by tenants to Community Association property and/or individual condo or association property may be charged to the owner of the leased unit. The owner will need to follow up with the tenant to recover any charges.

Additional restrictions may be imposed by the various Condominium and Homeowners Associations. Information on this may be found on the HOA website under the "Local Associations" tab.

Memberships in the Wildcat Run Country Club are transferable to a Lessee who leases property in Wildcat Run. This allows membership transfers for a minimum 90 day period up to one year and includes access to amenities and privileges. There is a fee of \$500.00 paid annually. The Lessee's dining expenditures will be credited against the owner's food and beverage minimum during the transfer period. All privileges will be suspended until the transfer lapses. The transfer will be renewable, subject to board approval. A lessee with social transfer privileges may purchase a golf membership that is temporary for 90 days for \$2,500.00. A lessee may also transfer the social membership for a fee of \$250.00 paid annually.. Please contact **Kristen Yanzer**, Country Club Membership Director at [239-947-6066](tel:239-947-6066) for more information.

Owners and/or realtors are responsible for issuing keys to the rental unit and for collecting keys and passes or transponders (if issued) when the lease expires. Transponders or window decals will not be provided to tenants with leases less than 12 months but passes will be issued on a rolling thirty day basis. Passes or transponders will not be issued until the tenant supplies the "Personal Information for Wildcat Run Community Association" form to the gatehouse.

Pets are limited to two and must be on a leash and attended by a responsible adult outside of the home. (Complete rules in the Association's "Rules and Design Review Requirements.") Some Condominiums have stricter pet rules which apply.

All other restrictions applying to owners apply to tenants.

Only passenger vehicles may be parked overnight in driveways. Pickup trucks, boats, RVs and other vehicles must be garaged or arrangements made for offsite storage. If there is space available parking may be allowed overnight at the maintenance facility. Access will only be allowed during the maintenance department's hours of operation.
