

Wildcat Cares lifted us up and brought Valerie's House to life when we were just a vision in our Founder's mind. Wildcat Cares believed in us and was the first major gift we ever received. With the help and support of Wildcat Cares, Valerie's House is thriving today, helping more than 150 children grieve the unthinkable loss of a parent or sibling. Mary Ann Casey first reached out to us and spoke up for our cause for grieving children, and influenced others to see our value. She is an angel to us and continues to help us from a special place in heaven. We would not be in existence today without the caring, loving family at Wildcat Run. Our children thank you. Their parents thank you. Our community thanks you.
